Something Fishy going on!

Well done to the children working with Mrs Chan and Mrs Cloherly. Your under the water display looks amazing! All sorts of sea creatures have brightened the room! Not to be beaten, Year R have made some wonderful whale origami and learnt octopus facts!!

If you feel you may need help or assistance from one of our Family Support Workers, the Kite Hub or access to a Food Bank, please call Kite Central Office on 01252 984930

Dear Families

It has been lovely to see some of our key worker families back in school and to welcome back Year R and 1. We are looking forward to seeing some of our Year 6s return in the very near future too. The children have adjusted amazingly well to social distancing in school and the routine of frequent handwashing. A huge well done to everyone.

All the staff in school are very conscious that we are not yet able to welcome back all year groups due to the restrictions of government guidelines. That doesn't mean though we are not thinking of you all. Teachers are continuing to plan for home learning as well as teaching in school and are doing their best to answer your emails as soon as they are able. I'm very proud of our team at Fernhill and the incredible effort they have put into to ensuring home learning is engaging and available to all during lockdown. A huge thank you to everyone who has taken the time to share with teachers the learning you have completed at home. We have enjoyed seeing what you have been doing and I hope you have had a chance to see your photos on our school website.

If your child is not yet back in school, it is important to continue the routine of learning at home. At the very least, please, please, please continue reading to and with your children. I can't stress enough how important reading is to your child's academic development. If home learning is becoming a battle and you're beginning to pull your hair out—please get in touch. Phone or email and we'll do our best to help you get your child back on track again.

Nicky Slater, Academy Head

Congratulations to Daria, who continues to shine at the top of the leader board! A huge well done also to: Chloe and Darla who have been in the top 3 for the last 6 weeks!!! And a massive well done to Alice and Tate who are also in the Top 5 !!!!!

Wow! Year 5 what a fantastic achievement! I wonder if the other year groups will catch you up? Come on everyone.... Are you able to beat the high score?

On Line Safety

Children and young people's lives have changed dramatically because of the coronavirus. School closure and social distancing measures means children have been spending more time at home and online.

And while the internet is a great way for children and young people to stay in touch with their friends and keep busy during lock-down, it can also bring risks. Now more than ever it's important to talk to your child about staying safe online and about the apps and sites they're using.

Our school website has a lot of resources and information to help you keep your child safe. There are a range of activities you can do together to raise awareness and links to useful websites. Please take the time to take a look.

Starting a conversation about online safety

It can be difficult to know how to start talking to your child about what they're doing online or who they might be speaking to. But talking regularly, like you would about their day at school, will help your child feel relaxed and mean that when they do have any worries, they're more likely to come and speak to you. It can help to:

reassure them that you're interested in their life, offline and online. Recognise that they'll be using the internet to research homework as well talking to their friends.

- ask your child to show you what they enjoy doing online or apps they're using so you can understand them.
- be positive but also open about anything you're worried about. You could say "I think this site's really good" or "I'm a little worried about things I've seen here."
- ask them if they're worried about anything, and let them know they can come to you.
- ask them about their friends online and how they know they are who they say they are.
- listen for the reasons why your child wants to use apps or site you don't think are suitable, so you can talk about these together.
- ask your child what they think's okay for children of different ages so they feel involved in the decision making

School Dinners w/b June 15th

There will be two daily choices (meat or vegetarian option) each day served in a biodegradable box. All meals are served with vegetables sticks, fruit and pudding

Monday: Chicken Burger in a bun or Veg Goujons with Potato waffle

Tuesday: Hot dog or Quorn nuggets with Wedges
