

Fernhill Primary Academy Geography Progression of skills and knowledge

Togeness Amary Academy	Geography Progression of skills and knowledge					
EYFS	Geographical Enquiry and Fieldwork					
Skills	Make observations and drawings of features in their local environments (e.g. trees, hills, ditch, hospital, park, road).					
Vocabulary	Tree, hill, park, road, street.					
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills	
	Know the name of the place where they live (road name, village/town, county, country).	Be able to talk about their locality (what happens, where, how, why?)	Show an awareness of different occupations.	Show an awareness of seasonal changes.	Create a basic map that has purpose.	
			Explore the geographical similarities relating to human geography of:	Show an awareness of the daily weather.	Identify maps as a tool used when travelling from one location to another (tell stories	
			- School/home	Know that the weather is different in	about journeys from one location to	
			- Indoor/outdoor environments	different parts of the world (focusing on hot and cold regions).	another).	
					Know that a globe or world map represents countries of the whole worlds.	
				Explore the geographical similarities relating		
				to physical geography of:		
				- School/home		
				Indoor/outdoor environments		
Vocabulary	road, place, live, county, village, town, local	Home, road, walk, school, shops, people,	Job, work, house, home, school, inside,	Sun, rain, cloudy, snow, hot, cold.	Map, globe.	
	area.	park, Fernhill.	outside.			

Year 1			Geographical Enquiry and Fieldwork			
Skills	Teacher led enquiries, to ask and respond to si	mple closed questions.				
	Use information books/pictures as sources of information.					
	Investigate their surroundings.					
	Use simple observational skills to study the geo	ography of the school and its grounds.				
Vocabulary	Source, image, field, buildings.					
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills	
	Identify the four main countries making up the United Kingdom. Name the capital cities of England, Wales, Scotland and Ireland. Point out where the equator, north pole and south pole are on a globe or atlas.	Name, describe and compare local familiar places Identify links between home and other places in the local community (e.g. routes, location, use) Suggest ideas for improving the school environment Use simple geographical vocabulary to describe human and physical features of the local area	Begin to explain why they would wear different clothes at different times of the year. Share ideas about the people who live in hot and cold places. Explain what they might wear if they lived in a very hot or a very cold place. Name key features associated with a town or village (e.g. church, farm, shop, house).	Tell someone their address. Explain how the weather changes with each season. Explain the main features of hot and cold places in the world. Describe a familiar locality using words and pictures. Encounter and show an awareness of key physical features (e.g. river, hill, beach).	Draw picture maps of imaginary places and from stories. Use own symbols on imaginary map. Use a simple picture map to move around the school and recognise that it is about a place Use locational language (e.g. near and far, left and right) to describe the location of features and routes.	
					Use relative vocabulary to make comparisons (e.g. bigger/smaller, like/dislike) Draw around objects to make a plan. Use picture maps and globes.	
Vocabulary	capital city, country, map, globe, atlas, world, equator, north pole, south pole.	local, environment, community, natural, building, Frimley Green, Frimley, Camberley.	Weather, temperature, shops, farms, space. Hot, cold.	Seasons, post code, weather, river, hill, beach.	Symbol, near, far, right, left, big, small.	

Year 2			Geographical Enquiry and Fieldwork			
Skills	Children encouraged to ask simple geographic	al questions; Where is it? What's it like?				
	Use non-fiction books, stories, maps, atlases, globes, pictures/photos and internet as sources of information.					
	Use simple fieldwork and observational skills to	o study the geography of their school and its gro	ounds and the key human and physical features	of its surrounding environment.		
	Make appropriate observations about why thin	ngs happen.				
	Make simple comparisons between features o	f different places.				
Vocabulary	Identify, describe, natural, man-made, photog	raph, information.				
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills	
	Name the seven continents of the world and find them in an atlas.	Make simple comparisons between human and physical features of a small area of the UK and a contrasting non-European country.	Describe some human features of their own locality, such as the jobs people do.	Describe some physical features of their own locality.	Draw a map of a real or imaginary place. (e.g. add detail to a sketch map from aerial photograph)	
	Name the world's five oceans and find them in an atlas.	Recognise how places are linked to each other (e.g. travel, language, weather)	Explain how the jobs people do may be different in different parts of the world.	Explain what makes a locality special. Describe a place outside Europe using	Begin to understand the need for a key.	
	Name other major cities of England, Wales, Scotland and Ireland.		Explain how some people might 'spoil' an area.	geographical vocabulary.	Follow a route on a map.	
	Find where they live on a map of the United Kingdom.		Explain how some people might try to make an area better. Explain what facilities a town or village might need.	Describe the key features of a place (e.g. beach, coast, forest, hill, mountain, ocean, valley	Use simple compass directions (North, South, East and West) and locational and directional language e.g. near and far; left and right, to describe the location of features and routes on a map.	
			need.		Use a plan view.	
					Use an infant atlas to locate places.	
					Begin to spatially match places (e.g. recognise UK on a small scale and larger scale map)	
					Look down on objects to make a plan view map.	
Vocabulary	continents, ocean, location, sea, coast, neighbourhood, local, rural.	Europe, travel, national, International, foreign.	Harbour, port, offices, factory, develop, damage, facilities	Natural, coast, beach, forest, hill, mountain, valley, crops, soil.	Key, North, east, south, west, compass, navigate, aerial.	

Year 3			Geographical Enquiry and Fieldwork			
Skills	Begin to ask/initiate geographical questions (e	e.g. Why is it like this? How is it changing? What	do you think about that? What do you think it m	night be like if continues?)		
	Use non-fiction books, stories, atlases, globes, pictures/photos and internet as sources of information.					
	Investigate places and themes at more than or	ne scale.				
	Begin to collect and record evidence.					
	Analyse evidence and begin to draw conclusion	ns e.g. make comparisons between two location	s using photos/ pictures, temperatures in differ	ent locations.		
Vocabulary	Evidence, conclusion, scale.					
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills	
	Name a number of countries in the northern hemisphere.	Describe geographical similarities and differences between human and physical features a region of the United Kingdom and	Confidently describe human features in a locality.	Confidently describe physical features in a locality.	Try to make a map of a short route experienced, with features in correct order	
	Name and locate some well-known European countries.	a region in a European country.	Explain why a locality has certain human features.	Begin to understand why a locality has certain physical features.	Try to make a simple scale drawing.	
		Explain the wider context of a place –			Know why a key is needed.	
	Name and locate the capital cities of neighbouring European countries.	county/region, country, continent. Explain how a specific place has changed			Use standard symbols.	
		over time.			Locate places on larger scale maps e.g. map of Europe.	
		Develop an awareness of how places are related to each other			Follow a route on a map with some accuracy. (e.g. whilst orienteering)	
					Begin to draw a sketch map from a high view point.	
					Begin to identify points on maps (A,B and C) Use large scale OS maps.	
					Begin to use map sites on internet.	
					Begin to use junior atlases.	
Vocabulary	longitude, latitude, northern hemisphere,	Man-made, county, region, landscape,	Gradient, urban, rural, building, resources,	Landscape, location, mountainous, slope,	Scale, Atlas, sketch, orienteering.	
	southern hemisphere, time zone, sphere,	development, change,	local, community, recreation, tourism, trade.	gradient, agriculture, precipitation, climate,		
	atlas, settlement			temperature population		

Year 4			Geographical Enquiry and Fieldwork				
Skills	Ask and respond to questions and offer their o	own ideas.					
	·						
	Use satellite images and aerial photographs.						
	Collect and record evidence with some aid, using fieldwork instruments such as cameras and rain gauges.						
	Analyse evidence and draw conclusions e.g. make comparisons between locations photos/pictures/ maps.						
	Recognise that different people hold different views about an issue and begin to understand some of the reasons why.						
	Make more detailed fieldwork sketches/diagra	ams.					
Vocabulary	Evaluate, contrast, explain, investigate.						
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills		
Miowicago	Name up to six cities in the UK and locate	Compare the geographical similarities and	Explain why people are attracted to live in	Describe the main features of a well-known	Use 4 compass points well and begin to use		
	them on a map.	differences between human and physical features a region of the United Kingdom and	cities. (ANGLO-SAXONS& TRAIDERS OR RAIDERS? – WHY DID THEY INVADE)	city.	8 compass points (FRENCH - WEATHER UNIT)		
	Name some of the counties of England and	a region in North or South America.	Wildering. Will bib MET MW/GE/	Describe the main features of a village.	Use letter/no. co-ordinates to locate		
	locate them on a map.		Explain why people may choose to live in a		features on a map confidently. (RIVERS)		
		Recognise that people have different	village rather than a city.	Describe the main physical differences			
	Know the countries that make up the	lifestyles and challenges in different		between cities and villages.	Make a map of a short route experienced,		
	continent of Europe.	locations and environments.	Explain how a locality has changed over time		with features in correct order;		
	Name a number of countries in the Southern	Understand why there are similarities and	with reference to human features.	Explain how a locality has changed over time with reference to physical features. (ANGLO-	Make a simple scale drawing.		
	hemisphere.	differences between places. (ANGLO-SAXONS)	Find different views about an environmental issue.	SAXONS – THE KINGDOMS OF ENGLAND)	Begin to recognise symbols on an OS map.		
	Name the areas of origin of the main ethnic	SANONSI	issue.	Identify biomes and vegetation belts.	(MOUNTAINS AND VOCANOS)		
	groups in the UK and in their school.		Suggest different ways that a locality could	, ,	, ,		
	Name and locate the main countries in North and South America on a world map		be changed and improved.	Describe the water cycle. (SCIENCE – WATER CYCLE)	Locate places on large scale maps, (e.g. Find UK or India on globe) (ANGLO-SAXONS& TRAIDERS OR RAIDERS? – WHERE DID THEY		
	and atlas.				COEM FROM?)		
					Follow a route on a large scale map.		
					Begin to match boundaries (E.g. find same		
					boundary of a county on different scale maps.)		
					Draw a sketch map from a high view point. Begin to identify significant places and environments on maps		
					Use large and medium scale OS maps. (MOUNTAINS)		
					Use map sites on internet.		
					Identify features on aerial/oblique photographs.		
Vocabulary	eastern hemisphere, western hemisphere,	Tropical rainforest, Ecosystems, biome,	Urbanisation, development, push factors,	Densely, sparsely,	Compass points,		
	axis, ethnicity, nationality, heritage, boarder	mountains, deserts, habitats, coast.	pull factors, environment, poverty	Biomes, vegetation, ecosystem	Co-ordinates, boundary		
				water cycle, evaporation, flooding condensation, stores, transfers, biodiversity,			
				deforestation, humidity, pollution.			

Year 5 Cycle A			Geographical Enquiry and Fieldwork			
Skills	Begin to suggest questions for investigating.					
	Begin to use primary and secondary sources of evidence in their investigations.					
	Collect and record evidence unaided.					
	Analyse evidence and draw conclusions. (e.g.	compare historical maps of varying scales)				
\/aaah.ulam.	Analysis asimony source assertance and any source					
Vocabulary	Analysis, primary source, secondary source.					
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills	
	Begin to recognise the climate of a given area according to its location on the map. Name and locate significant rivers (both in	Describe and understand key aspects of human & physical geography of a location. Identify human and geographical features of	Explain how a settlement is built depending upon its' wider geographical location (e.g. trade links and distribution of natural resources)	Explain how a location fits into its wide geographical location with reference to physical features.	Use 8 compass points Begin to use 4 figure co-ordinates to locate features on a map.	
	the UK and in other countries).	a location and understand how some of these aspects have changed overtime Describe how countries and geographical	Report on ways in which humans have both improved and damaged the environment.	Explain physical processes (including river formations and coastal features).	Begin to draw a variety of thematic maps based on their own data.	
		regions are interconnected and interdependent.	Explain what a place might be like in the future, taking account of issues impacting on human features.	Consider what a place (open to environmental and physical change) might be like in the future taking account of	Draw a sketch map using symbols and a key; Use/recognise OS map symbols.	
				physical features.	Compare maps with aerial photographs.	
					Select a map for a specific purpose. (E.g. Pick atlas to find Taiwan, OS map to find local village.)	
					Begin to use atlases to find out about other features of places. (e.g. find wettest part of the world)	
					Measure straight line distance on a plan.	
					Find/recognise places on maps of different scales. (E.g. river Nile.)	
Vocabulary	altitude, map reference, river, meander, landform, Thames, Severn, Nile, Amazon, tropical, dry, temperate, polar.	Interdependent, urban, rural, demographic, population, vegetation.	Settlement, trade, fossil fuels, non-renewable, economy, refugee, migration.	Rivers – source, mouth, mountain, cliff, erosion, meanders, oxbow lake, tributary, meander, landform, canal, bed, channel, current, confluence, delta, downstream, load, runoff. Coasts- erosion, caves bay, headland, cliff, tide	4 figure co-ordinates, Ordnance Survey, Index, contents.	

Year 6	Geographical Enquiry and Fieldwork						
Cycle B			Scopiupinoai Enquiry and Ficiawork				
Skills	Suggest questions for investigating.						
	Use primary and secondary sources of evidence	ce in their investigations.					
	Investigate places with more emphasis on the larger scale (contrasting and distant places)						
	Collate and analyse evidence from different so	ources to draw conclusions (e.g. comparing land	use/temperature). Look at patterns and explain	reasons behind it.			
Vocabulary	Assess, suggest, enquiry, compare.						
Knowledge	Locational Knowledge	Place Knowledge	Human Geography	Physical Geography	Map Skills		
	Identify and name lines of latitude and longitude: the Tropics of Cancer and Capricorn, the Arctic and Antarctic circles and the Prime Meridian. Explain how time zones work. Name and locate many of the world's most famous mountain ranges on maps.	Explain why places are like they are in terms of weather, historical development and local resources. Describe geographical diversity across the world.	Give a description of the human features of places around the world. Describe how some places are similar and different in relation to their human features. Explain how human activity has caused an environment to change.	Describe how wolcanoes and earthquakes are created. Give descriptions of the physical features of places around the world. Describe how some places are similar and different in relation to their physical features	Use 8 compass points confidently and accurately Use 4 figure co-ordinates confidently to locate features on a map. Begin to use 6 figure grid refs Summer2 Use latitude and longitude on atlas maps. Draw a variety of thematic maps based on their own data. Begin to draw plans of increasing complexity. Use/recognise OS map symbols. Follow a short route on an OS map. Describe features shown on OS map. Summer2 Locate places on a world map. Summer2 Use atlas symbols. Use atlases to find out about other features of places. (e.g. mountain regions, weather patterns) Summer2 Use a scale to measure distances. Draw/use maps and plans at a range of scales. Draw a plan view map accurately.		
					Confidently identify significant places and environments Use OS maps. Summer2 Confidently use an atlas. Recognise world map as a flattened globe.		
Vocabulary	arctic circle, Antarctic circle, prime meridian, time zones, GMT, Himalayas, Andes, Alps, Everest. Tropics of Capricorn, tropics of Cancer, prime meridian.	Diversity, culture, resources, colonialism, conflict, war, energy, sustainable.	Climate change, Adaptation, mitigate, renewable, land use, solar power, economy,	Plate margins, magma, plate boundaries, friction, earthquakes, epicentre, focus, conservative, destructive, constructive, tsunami, dormant, tremor, vegetation belt	North east, north west, south east, south west, grid references.
